

Edge Academy/Akros Middle School

# February Family Focus

## Habit of the Month:

**synergize!**

Dear families,

Edge Academy and Akros Middle School are working hard to develop and master the 7 Healthy Habits of Highly Effective Students.

Each month, the schools will focus on a different habit. This month's habit is "Synergizing." Synergizing is the working together to achieve a common goal.

Think, "Together is better!"

### Activities to Try at Home

1. Plan to do something with your child(ren) that allows everyone to work together like putting together a puzzle, building a blanket fort, or following a recipe.
2. Encourage your child(ren) to complete a specific chore with you or with another family member.
3. Have your child partner with a family member they don't usually get along with and have them pick something to do together

Happy Habit Development!

Administration
